REASONS FOR ALLOWANCE

The Declarations under 37 CFR 1.132 filed December 8, 2003 are sufficient to overcome the rejection of claims 1-5 based upon Stackhouse and Young et al.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or suggest bounding a header and first pedestal by an air trench having a vertical surface and positioning a heat generating component on the header such that the conical region of heat dissipation of the header does not intersect the vertical surface of the air trench.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Curtis Mayes whose telephone number is 571-272-1234. The examiner can normally be reached on Mon-Fri 7:30 AM - 4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Crispino can be reached on 571-272-1226. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.
